

## **Visual Language Professionals Ltd**

### **COOKIE POLICY**

*Policy Approved By The Management Committee On: 25 May 2018*

*Policy Became Operational On: 25 May 2018*

1. Visual Language Professionals Ltd (VLP) uses cookies on our website and in our mobile app for identification and analysis purposes. By using the website, you consent to the storing and accessing of cookies on your device.
2. This Cookie Policy is intended to inform you how we use cookies and similar technologies and to assist you in making informed decisions when using our website.
3. This policy should be read in conjunction with the Visual Language Professionals Ltd GDPR Policy and the Visual Language Professionals Ltd Privacy Policy.
4. Cookies are small text files placed on your computer to collect standard internet log information and visitor behaviour information. This information is used to track visitor use of the website and to compile statistical reports.
5. You can set your browser not to accept cookies, however, some website features may not then function.
6. Further information regarding cookies can be found at [www.allaboutcookies.org](http://www.allaboutcookies.org).
7. The table below sets out more information about the individual cookies used in the VLP website and the purposes for which they are used:

<b>Cookie Name</b>	<b>Cookie Owner</b>	<b>Cookie Description</b>
<b>wordfence_verifiedHuman</b>	Wordfence	Cookie set by the Wordfence Security WordPress plugin to protect the site against malicious attacks.
<b>wfwaf-authcookie</b>	Wordfence	This cookie is set by the WordPress security plugin "Wordfence". It is used to authenticate user's login request.
<b>wfvt_</b>	Wordfence	This allows a security plugin we use to operate
<b>wfvt_1303874749</b>	Wordfence	This allows a security plugin we use to operate

Visual Language Professionals Ltd

Company Number: 11830939

Registered Office Address: Lower Mill Shaw Barn, Sheffield Road, Hepworth, Holmfirth, HD9 7TP, UK

<b>uid</b>	ScoreCardResearch	These cookies are used to make advertising messages more relevant to you and your interests. They also perform functions like preventing the same ad from continuously reappearing, ensuring that ads are properly displayed, and in some cases selecting advertisements that are based on your interests. For further information, see the section of the Cookie Statement entitled "Targeted online advertising".
<b>session_tptc</b>	SessionCam	This cookie is set when SessionCam initialises and is only ever used to ensure we can read and write cookies. Once this cookie has been set it is deleted immediately and if the cookie fails to set, SessionCam will not attempt to record. The cookie is named "SessionCamTestCookie".
<b>IDE</b>	Google/DoubleClick	Used by Google DoubleClick to register and report the website user's actions after viewing or clicking one of the advertiser's ads with the purpose of measuring the efficacy of an ad and to present targeted ads to the user.
<b>PREF</b>	Google/DoubleClick	These cookies are used to make advertising messages more relevant to you and your interests. They also perform functions like preventing the same ad from continuously reappearing, ensuring that ads are properly displayed, and in some cases selecting advertisements that are based on your interests. For further information, see the section of the Cookie Statement entitled "Targeted online advertising".
<b>VISITOR_INFO1_LIVE</b>	YouTube	These cookies are used to make advertising messages more relevant to you and your interests. They also perform functions like preventing the same ad from continuously reappearing, ensuring that ads are properly displayed, and in some cases selecting advertisements that are based on your interests. For further information, see the section of the Cookie Statement entitled "Targeted online advertising".
<b>YSC</b>	YouTube	These cookies are used to make advertising messages more relevant to you and your interests. They also perform functions like preventing the same ad from continuously reappearing, ensuring that ads are properly displayed, and in some cases selecting advertisements that are based on your interests. For further information, see the section of the Cookie Statement entitled "Targeted online advertising".
<b>GPS</b>	YouTube	Registers a unique ID on mobile devices to enable tracking based on geographical GPS location.
<b>user_id</b>	Magento	Indicates if the shopper allows cookies to be saved.

<b>DYNSRV</b>	Hosting Provider	This cookie is believed to be used for load balancing to manage server traffic demand.
<b>_gat</b>	Google Analytics	This is a pattern type cookie set by Google Analytics, where the pattern element on the name contains the unique identity number of the account or website it relates to. It appears to be a variation of the _gat cookie which is used to limit the amount of data recorded by Google on high traffic volume websites.
<b>lang</b>	Unknown	Used by multiple companies, but usually means adding an extra "Cookie" field to the Language Negotiation settings, allowing the language to be set according to a cookie.
<b>_gid</b>	Google Analytics	Used to distinguish users.
<b>_ga</b>	Google Analytics	Used to determine a user's inclusion in an experiment and the expiry of experiments a user has been included in.
<b>wp-settings-time-</b>	WordPress	WordPress also sets a few wp-settings-{time}-[UID] cookies. The number on the end is your individual user ID from the users database table. This is used to customize your view of admin interface, and possibly also the main site interface.
<b>wp-setting-</b>	WordPress	WordPress also sets a few wp-settings-[UID] cookies. The number on the end is your individual user ID from the users database table. This is used to customize your view of admin interface, and possibly also the main site interface.
<b>wordpress_test_cookie</b>	WordPress	WordPress sets this cookie when you navigate to the login page. The cookie is used to check whether your web browser is set to allow, or reject cookies.
<b>wordpress_sec</b>	WordPress	Essential WordPress session management cookies for logged in users.
<b>wordpress_logged_in</b>	WordPress	After login, wordpress sets the wordpress_logged_in_[hash] cookie, which indicates when you're logged in, and who you are, for most interface use.
<b>viuserid</b>	Unknown	Tracking cookie
<b>pid</b>	Unknown	Tracking cookie
<b>at_dsp_uid_1116</b>	adtags.pro	Advertising
